Best Software Development Company - Samcom Technobrains

ReactJS Developer

Description

This is a full-time on-site role as a **ReactJS Developer** at Samcom Technobrains Pvt. Ltd. located in Ahmedabad. The ReactJS Developer will be responsible for front-end development, back-end web development, software development, and working with JavaScript and ReduxJS. The role will involve day-to-day tasks related to designing and implementing user interfaces, developing reusable components, and ensuring the technical feasibility of UI/UX designs.

Responsibilities

- Developing new user-facing features using ReactJS
- Building reusable components and front-end libraries for future use
- Translating designs and wireframes into high-quality code
- Optimizing components for maximum performance across a vast array of web-capable devices and browsers

Qualifications

- Strong proficiency in JavaScript, including DOM manipulation and the JavaScript object model
- Thorough understanding of ReactJS and its core principles
- Experience with popular ReactJS workflows (such as Flux or Redux)
- Familiarity with newer specifications of Ecma Script
- Experience with data structure libraries (e.g., Immutable)
- Knowledge of isomorphic React is a plus
- Familiarity with RESTful APIs
- Knowledge of modern authorization mechanisms, such as JSON Web Token
- Familiarity with modern front-end build pipelines and tools
- Experience with common front-end development tools such as Babel, Web pack, NPM, etc.
- Ability to understand business requirements and translate them into technical requirements
- A knack for benchmarking and optimization
- Familiarity with code versioning tools
- Excellent English communication skills
- Should be willing to run that extra mile for the role
- A positive approach with a go-getter attitude

Job Benefits

- 5 Days working
- Positive work environment
- Referral Bonus Policy
- Reward and Benefit
- Employee Training Sessions
- Annual Trip
- Team Celebrations
- One to one Mentorship
